

Christ Crucified

The preaching of Christ Jesus and Him crucified is hated by this religious world. But those who believe, and are saved, love it with a perfect love. It is our only hope, our Salvation. If we compromise on this to please the people of our day, we compromise the Gospel, and make the death of our Lord Jesus Christ of none effect. We have no Salvation. We have no hope. We will stand before a thrice Holy God with a hope only in what we can do to satisfy His justice. We will be obligated to pay our sin debt with the works of the flesh, while the Scriptures declare that, "By the works of the flesh shall no man be justified in His sight." What hope is there in this? None whatsoever.
