

Saved By Another

The problem with sinners is not that we are unwilling to do something to save ourselves but that we are unwilling to do nothing that we might be saved by another (John 3:19-20). Faith takes nothing from you, faith takes nothing done by you, faith demands you add nothing, only believe and continue to believe, not in anything you have done or not done. Faith is casting your care, you whole self, your whole eternal salvation into the hands of Jesus Christ.
